## LAB-2

SUBMITTED 20 Sep, 2026

Full Stack Front-End LAB Sir. Raja Faisal Umar

Submitted By:

|           |         |
|-----------|---------|
| Imad Khan | 2500623 |
|-----------|---------|

### Lab Objectives:

This lab provided practical knowledge of creating and styling web pages using HTML, CSS, and Bootstrap. It helped us understand how to structure a webpage and make it more attractive and user-friendly. In this lab, we learned to create a personal profile webpage using HTML and CSS. We practiced adding images, links, tables, skills, hobbies, and cards. We also used Bootstrap for the navbar, grid, buttons, and responsive design.

### Conclusion

This lab helped us understand how to create and style a simple, attractive, and responsive webpage using HTML, CSS, and Bootstrap.

## Profile Page

### Index.html

```
<!DOCTYPE html>
